

Pankajkumar Choubisa

Senior UI Front-End Developer | React.js | Adobe Experience Manager (AEM)

Ahmedabad, Gujarat, India

Email: pankajc17790@gmail.com

Phone: +91-97252 48506

PROFESSIONAL SUMMARY

Senior UI Front-End Developer with 8+ years of experience designing, developing, and maintaining enterprise-scale, responsive web applications using React.js, Adobe Experience Manager (AEM), JavaScript (ES6+), HTML5, CSS3, SCSS, Bootstrap, and jQuery. Proven expertise in building reusable UI components, developing responsive user interfaces, optimizing front-end performance, and delivering seamless digital experiences for enterprise e-commerce platforms.

Hands-on experience with AEM Sites, AEM DAM, component-based UI development, responsive web design, cross-browser compatibility, web accessibility, and Agile software development. Strong ability to collaborate with UX designers, backend developers, QA engineers, and business stakeholders to deliver scalable, maintainable, and high-quality applications.

CORE SKILLS

React.js, Adobe Experience Manager (AEM), AEM Sites, AEM DAM, JavaScript (ES6+), HTML5, CSS3, SCSS / SASS, Bootstrap, jQuery, Responsive Web Design (RWD), Component-Based Development, Cross-Browser Compatibility, Web Accessibility (WCAG), Figma, Adobe XD, Photoshop, Git, Jira

PROFESSIONAL EXPERIENCES

Infosys:

Senior UI Front-End Developer: Dec 2021

Technologies: React.js, Adobe Experience Manager (AEM), JavaScript, HTML5, CSS3, SCSS, Bootstrap, Git, Jira

Key Responsibilities

- Developed enterprise-scale responsive web applications using React.js, AEM, JavaScript, HTML5, CSS3, and Bootstrap.
- Built reusable React.js UI components to improve maintainability and consistency across multiple applications.
- Customized Adobe Experience Manager (AEM) pages, templates, and content structures based on business requirements.
- Worked extensively with AEM Sites and AEM DAM for content authoring and digital asset management.
- Converted Figma and UI designs into responsive, pixel-perfect web pages.
- Improved website responsiveness, accessibility, and cross-browser compatibility.

- Optimized front-end performance by reducing unnecessary rendering and improving page loading efficiency.
- Worked closely with UX designers, backend developers, QA engineers, and product owners to deliver high-quality solutions.
- Participated in Agile ceremonies including sprint planning, backlog refinement, estimation, daily stand-ups, code reviews, and production deployments.
- Followed coding standards, reusable component architecture, and front-end development best practices.

Arham Technosoft:

UI developer Mar 2019 – Sept 2021

Technologies: HTML5, CSS3, JavaScript, Bootstrap, WordPress, Shopify, Figma

- Designed UI wireframes and prototypes using Figma.
- Converted PSD and Figma designs into responsive WordPress websites using Divi Theme, Elementor, and WPBakery.
- Developed responsive Shopify storefronts with a focus on user experience and visual consistency.
- Built responsive layouts compatible across desktop, tablet, and mobile devices.
- Collaborated with designers, developers, and content teams to deliver high-quality digital experiences.
- Maintained website performance, responsiveness, and usability.

Makeyour Software:

UI/UX Developer: Jun 2015 – June 2018

Technologies: HTML5, CSS3, JavaScript, Bootstrap, WordPress, Shopify, Figma

- Converted PSD layouts into responsive HTML and WordPress websites.
- Created marketing creatives including banners, brochures, and promotional graphics.
- Worked closely with designers and developers to implement UI/UX best practices.

-
- Delivered responsive websites with consistent user experience across multiple browsers.
